NEWS OF THE MORNING.

Governor McClellan is pronounced out of danger.

Geo. Daley and his men have been acquitted of the murder of John Goff, in the quarrel over the Owyhee mine, Bodie.

Prescott Pillsbury, the Lawrence (Mass.) bank cashier convicted of the embezzlement of \$64,000, has been sentenced to five years in Lawrence Jail.

Grant says: "I do not feel half as anxious to go home as I did eighteen months ago. I have visited no country this side of Europe, except Japan, where I would care to stay longer than to see the points of greatest interest. Japan is a most interesting country, and the people are quite as much so. The changes that have taken place here are more like a dream than reality."

The committee having in charge the preparations for the reception of Gen. Grant at San Francisco, have been tendered and accepted the use of the Pacific Mail steamer China, and the steamer Ancon by Goodall, Perkins & Co., to meet Grant outside the Golden Gate. As the reception will be in daylight, the bay will be alive with crafts of all kinds.

When the County Judge and Clerk went to count the funds in the County Treasury of Santa Cruz county yesterday they found a deficiency of \$23,785 87. A warrant was issued for the Treasurer, who has disappeared, and fears are entertained that he has killed himself. Great excitement exists in the town, and many are loth to have suspicion of George Otto, as he has borne a reputation for the strictest integrity and honesty.

AN APPEAL.

The Odd Fellows of Memphis have issued the following appeal to brethren of the Order:

Murfreesboro (Tenn.), September 6, 1879. To the Independent Order of Odd Fellows—Greeting: The Odd Fellows' Special Relief Committee of Memphis are again forced to the necessity of appealing to the Brotherhood at large for material aid. All of the available funds of five Lodges and two Encampments have been extended in sending many of their brethren and families to places of safety, in nursing and providing for the sick and burying the dead. Business is suspended, wages stopped, and sickness and death are making sad havoc. This appeal is made with great reluctance, in view of the generous outpouring of substantial aid which met similar appeals in 1876 and 1878; but with sickness and distress upon every hand, with wails, sorrow and cries for help coming up continually, their treasury is exhausted, and a sad prospect of a period of at least two months to come, their only resource is an appeal for help from our more fortunate brethren, who, are spared such calamity as now scourges this stricken city.

All contributions should be sent to Marcus Jones, Grand Patriarch of the State and President of the Special Relief Committee, I. O. O. F., Memphis, Tenn. (Signed) E. G. BUDDEN, Grand Master.

THE WEEKLY JOURNAL

The WEEKLY JOURNAL, published every Saturday, will be furnished to those desiring it at 4.00 per year in advance. It will contain the local news of the week, a careful summary of the State, Pacific Coast and mining news, together with a variety of miscellaneous and editorial matter, containing more reading than any weekly paper ever published in the country. Those desiring to subscribe for the WEEKLY JOURNAL will please call at the publication office.

The Consolidated Pacific Mining Co. has entered suit in the Sixteenth Judicial District Court at Bridgeport against the Belvidere Mining Co. for trespass, alleging that the latter company had sunk a shaft in its own ground and then drifted thence into the ground of the plaintiff and extracted large quantities of rich ore, etc. Plaintiff sues for possession of the ground and damages in the sum of \$172,000.

The incoming California Legislature stands as per latest figures: Senate—Republicans 23, Democrats 8, Workers 9, total 40. Assembly—Republicans 41, Democrats 13, Workers 18, People's Union 2, Workers' Fusion 2, New Constitution party 1, Independents 1, not heard from 2, total 80.

The latest election returns—The Alta makes them stand thus: Perkins, 66,079; Glenn, 46,012; White, 45,540. McKenna, 18,669; Berry, 18,508.

The Chronicle gives them thus: Perkins, 66,994; Glenn, 45,211; White, 44,433. McKenna, 18,473; Berry, 18,180. Cone, 18,533; Larkin, 18,211; Carpenter, 11,949.

NEW YORK DEMOCRATS.

York State has always figured first in national politics. The Democracy have taken their last three candidates in order to the better secure her thirty-five electoral votes in the Electoral College.

This being the case, every move of the great unfettered in that State is watched with unusual interest. Particularly at this time when Tilden makes an occasional ripple with his "bar'l." The Democratic State Convention met at Syracuse a few days ago and nominated Jacobs for Governor on the first ballot. There was some sort of bulldozing used to effect this nomination and a general repudiation occurred. The mass of the State delegates wanted the present incumbent, Lucius Robinson renominated, but Tammany—the great unscrupulous New York City Tammany, was opposed to him point blank, because of his record in the great cipher expose, which would have consigned the principal actors to political oblivion in any other party but the Democracy. The rest of the Convention were determined to nominate Robinson and Tammany left the hall in a body, organized a sideshow and nominated their leader, John Kelly, for Governor, but endorsed the rest of the ticket put up by the regular Convention. Just on the eve of a great political fight this mutiny has peculiar significance. It means a sweeping victory to the Republicans this year and a better heart and prospect for next year's campaign. Without Tammany New York State is largely Republican. This move could not do the Republicans better service if they had engineered it themselves. With California, then Maine, and now New York, it looks as if the Republican nominee for President next year will have a walk over.

NOTES.

The farce of the trial of the Chisholm murderers has ended as might be expected, with a verdict of not guilty. From this we must infer that Judge Chisholm and daughter were not foully murdered by a mob of Southern political fanatics, but died peaceably and easily. What a mockery! Shame! Shame! No wonder Justice is represented as blindfolded. It is a fortunate precaution on the part of the Goddess.

Eleven citizens of Yazoo have publicly announced their intention of withdrawing from the Independents, because they would rather vote with the Democrats than be shot. Is this Yazoo is "the land of the free and the home of the brave" (so called) or in the solid South? Jeff Davis says the South has never been reconstructed.

Judge Rising of Storey District Court, has decided that the Drummer Law is unconstitutional in Virginia, because the city charter does not give authority to exact it. The Board of Aldermen will fix that at their next meeting.

Gen. Robert Toombs says that ours is now an unnatural and unnecessary Union. He doubtless had the Yazoo or Chisholm horror in mind when he spoke.

The Assistant Cashier of the Northwestern National Bank of Minneapolis is a defaulter to the tune of \$135,000. Unfortunate speculation, this time.

NEWS NOTES.

Since 1859 the Colorado mines have yielded \$92,000,000.

Schnyler Colfax will appear as a lecturer during the coming season.

The library of the late Caleb Cushing will be sold at Boston this month.

Chicago is said to waste 40,000,000 gallons of water per day, and Cincinnati 5,000,000.

Paris has 65,000 houses, London 460,000 more than Paris, New York and Berlin combined.

The Southern States received \$5,000,000 in charitable contributions from the North last year.

Georgetown College, Kentucky offers free tuition to three young men from each county in the State.

"NING POW" NOTES.

The California State Fair—The Coming of Grant—Mechanics Institute Fair—Golden Gate Park—Kearney's Latest Nonsense—Here, There and Everywhere.

SAN FRANCISCO, Sept. 12, 1879.

ED. JOURNAL:—Sacramento is lively and its citizens are happy owing to the success of the State Fair. The attendance is larger than ever and the receipts correspondingly increased. It is no more than right to say that the attractions fully justify this result. The racing has been excellent so far; the display of stock at the grounds, and the exhibits in the Pavilion are far more attractive than known in any previous year. The Art display is acknowledged by all connoisseurs to be the best collection ever seen on this Coast. During a short stay in the Capital city I found many who evinced an interest in the coming Nevada State Fair, and expressed an intention of being visitors and exhibitors.

GRANT'S WELCOME.

San Francisco is excited over the coming of Gen. Grant, and the city authorities and leading citizens are preparing to welcome him in an almost regal manner. The ovation will be all the more enthusiastic because of Kearney's threat to burn him in effigy at the sand lot. The very idea was sufficient to cause the heart's blood to boil, and I am certain that should the said lot leader make any attempt to carry his infamous proposition into execution his bones would soon be bleaching upon the very spot he considers so sacred—the sand lot. It is possible that Grant will be here on the 18th of this month, though the 21st is generally looked for as the day upon which the "City of Tokio" will come in the Golden Gate. The event will be gala day, and, irrespective of party or previous condition, the greatest Captain of his age, will be greeted by friends and foes alike, as showing the esteem in which he is held as the most important private personage of the country.

THE MECHANICS FAIR.

After a run of six weeks the fair of the Mechanics Institute is about to close. Owing to the excitement incident to election times and the counter attraction of the regular State Fair the Fair here has neither been completely satisfactory to the public nor the managers. But to one from the country a poor Fair in San Francisco is a sight worth seeing and remembering, and one quarter of the exhibit here if displayed in the Reno Pavilion would elicit great praise from all sagebrushers.

A LOVELY SIGHT.

California, everywhere presents a magnificent appearance. Even the foothills are covered with beds of roses and other beautiful flowers. Around Sacramento and in its Pavilion can be seen handsome floral exhibits. The private gardens of this city are especially attractive to the country eye, but the Golden Gate Park caps the climax for all that is lovely on this coast, and right now is the time to see it in all its glory. In the years to come, it will be San Francisco's best and greatest advertisement, and to be mentioned in connection with Niagara, Central Park, the Yellowstone, and the other wonders and beauties of the country. Who Has Not Been Bilious?

Probably no one. Doubtless we have all suffered to some extent the disagreeable sensations which a disordered or languid liver can inflict. Belowness of the skin, constipation, nausea, vertigo, soreness in the vicinity of the organ affected, a sensation as of congestion in the head, positive headache, a loss of appetite, extreme thirst, a high color of the urine, are among the symptoms which announce a perversion of vitiation of the bile. The remedy of remedies for the above is Doan's Stomach Bitters, administered by medical men; pronounced pure and wholesome by them, and popular as a comprehensive family medicine, and as a specific preventive and remedy for chills and fever and bilious remittents throughout America, and to a wide extent in foreign countries. Disorders in the stomach and bowels, as well as liver, are speedily remediable with this popular and time honored medicine.

INSTANTLY relieves and permanently cures this loathsome disease in all its varying stages. It possesses the soothing and healing properties of plants; herbs and barks in their essential form, free from every impure contamination, and in this respect it is far superior to any other remedy. In one month it has found its way from the Atlantic to the Pacific Coast, and wherever known has become the standard remedy for the treatment of Catarrh. The proprietors have been waited upon by gentlemen of national reputation who have been cured by this remedy, and who have, at considerable expense, sent personal friends around the globe to test the efficacy of the cure in which they move. When you hear a wealthy gentleman of intelligence and refinement say, "I owe my life to Sanford's Radical Cure," you may feel assured that it is an article of great value, and worthy to be placed among the standard medical specifics of the day.

THE benefit I derive from its daily use is to me incalculable. HENRY WELLS, OF WELLS, FAROE & CO.

IT has cured me after twelve years of unintermittent suffering. GEO. W. HUGHTON, WALTHAM, MASS.

I FOLLOWED the directions to the letter and am happy to state that the permanent cure of Catarrh has been effected. J. W. GRAY, M. D., Muscatine, Iowa.

I HAVE recommended it to quite a number of my friends, all of whom have expressed to me their high estimate of its value and good effects with them. J. M. BOWEN, 231 Pine St., St. Louis.

AFTER using two bottles I find myself permanently cured. I have since recommended it to those who had suffered without relief from any of the usual remedies that it could not be true. Therefore, made affidavit to it before J. Thomas, Esq., Justice of the Peace, Boston. GEORGE F. DUNSMORE, Druggist, Boston.

Captured.

Officer Avery six weeks ago received notice that a valuable watch, locket and chain had been stolen from D. O. Atkinson, Virginia City. He notified our jewelers to be on the look out for such articles. Yesterday afternoon two fellows came in to Mr. Davidson and wanted to sell or pawn a gold chain and locket. Mr. D. recognized the articles as the missing property, and telling his watchmaker in German to go for the officer, began to kill time. It took an immense amount of weighing, examining and figuring to get at the value. In fact he would have been calculating till yet if Avery hadn't come in. The fellows were arrested and will be held until they prove their innocence. The watch is supposed to have been pawned in Carson. Mr. D. deserves great credit for the manner in which he caused the arrest. We believe there is a reward of \$100 offered for the recovery of the property.

Change of Venue.

Our experience in the Rover matter is too fresh to hanker after another case from Humboldt. Another change of venue is wanted out there. The Silver State says that General Buckner, of counsel for Chas. Hymer, indicted for murder, has made a motion for a change of the venue to some other county. The motion is supported by affidavits from Hymer and others, who allege that defendant cannot have an impartial trial in that county, because a part of the evidence at the preliminary examination was published.

Mr. Jenvey is about to give a series of fine Historical Lectures in Trinity Church which cannot fail to interest and instruct us all. The first of these will be given this (Sunday) evening; subject "The Influence of the Jewish nation upon the world at large." The second lecture will be upon the Influence of the Greek nation; the third, the Influence of the Roman nation; and the fourth, the Influence of Christianity upon the world at large. These are to be given upon successive Sunday evenings, beginning with this evening. Every one who can should attend.

Mail Robbery.

Yesterday morning Willis Gough found a U. S. mail sack in the lumber yard east of town. It had been torn open and the contents strewn around. Several letters, probably twenty, had been opened, but the contents appeared to be undisturbed. The package of registered letters was not even untied. The thief had evidently worked in a great hurry. The bag broken open is the way sack from San Francisco to Virginia City—that is the sack that contained such mail as was collected at intermediate points. The robbery was effected after the eastern overland had left and while the Virginia mail was being placed in the V. & T. train. It is the usual custom to let the truck load of mail sacks stand by the baggage room door until the baggage is put away and then it is run into the room. It was while standing outside the door that the thief made his haul. Postmaster Jamison does not think anything was stolen, but will have the matter fully investigated. He has made a list of the letters broken open for future use. The mail ought to be guarded a little more closely, as frequently large sums of money go through them. No clue is at present had to the robber.

China Funeral.

Another mongolian has been wafted into the land of shadows. He was an important customer, as was evidenced by the pageant that followed him to his grave. First came the standard bearer with a flag draped in white. Then the music. Having heard a few stanzas we envied the departed. A hearse, with Pete Comstock as engineer and a mongolian paper distributor as master of ceremonies followed, with a long line of "citizens" on foot, with a red string tied across one shoulder, in the wake, next, the commissary department, a delivery wagon well provided with roast hog, rice and kindred luxuries. The horse belonging to the "dear departed," all saddled, all bridled, but riderless brought up the rear, and in this shape they planted him (the Chinaman) 'neath the sagebrush.

Expensive Flour.

H. H. Beck last night sold the first sack of flour made at the Lake Mills at auction for the benefit of the Reform Club. The flour was sold several times, until \$28 was realized from it, when it was again bid in by Beck for \$2 50. He denoted it back to the Club, and it will be sold again next Saturday night. This reminds us of the famous sack of flour sold by the Sanitary Commission during the war, which brought thousands of dollars.

The Nation's Bulwarks.

One pleasant feature strikes the traveler while riding through Washoe Valley and shows upon what the nation bases its hopes. We refer to the public school system. In Washoe Valley the business and dwelling houses for the most part are old and dilapidated, while the school houses are all new, easy and in excellent repair. No better evidence of the value of our educational system is required than the one quoted.

Old Brin.

To-morrow the hunters meet at Weber Lake en masse to advance upon "Old Brin," the bear that has for years defied the world. He has not yet heard of the raid, but will be "thar" when they arrive. He is estimated as equal to several hundred bear power, and will chew bullets as an appetizer. Five or six hundred Nimrods will try to kill him. Fun is expected, particularly if he gets in the first lick.

Frost.

Of late the nights have been so cold that there has been danger of the fruit becoming frost bitten. Potato tops were tinged Thursday night. On the meadows it was considerably colder and the work of Jack Frost was very apparent. So far, however, no material damage has been done.

Lecture.

Rev. C. McKelvey lectured before the Reform Club last night on "Is the Licensing of Liquor Selling Judicious?" He discussed the legal and moral phases of the question in his usual happy style. Next Saturday evening Mr. R. L. Fulton, a brother quill, will address the Club on the railroad question, explaining discrimination, etc.

The Milford Robbery.

Morris Ash has returned from Milford after an unsuccessful attempt to find the thieving Chinaman who stole \$2,000 from Mr. Harrison's store. They found tracks of the Chinaman, but did not catch him. Indians were put upon the trail and Mr. Ash returned to Reno.

The Rev. P. Raffo of the society of Jesus, Pastor of the Catholic Church in Reno, has been recalled by his successor to his former residence in California and will leave Reno in a few days. A secular Priest will be soon appointed in his place.

District Court to-morrow morning, with Judge Sewell in the chair.

Brevities.

The Postoffice is being painted.

Jas. G. Fair went back to Virginia yesterday morning.

Considerable sickness is prevailing, particularly among the young.

The Baptist Church will be ready for occupancy soon, probably by next Sunday.

Sunderland expects to have his new brick completed and in running order by Fair week.

The Tribune of last evening says that probably Gorham will take editorial control of the Appeal.

The man Barnett, who escaped from the Ormsby Sheriff day before yesterday, is still missing.

A false alarm of fire startled our people last evening. A general scare was all it amounted to.

Geo. C. Gorham, of the late H. B. party, was a passenger to the Comstock yesterday morning.

A party of hunters leave for the northern valleys this morning, to be absent for a couple of weeks.

The streets presented their usual life last night. Many people do their Sunday marketing Saturdays.

Henry Morris, formerly a Reno barber, but now on the Comstock, will be married this evening to Miss Lizzie Sheyer of Carson.

The suit brought by Conductor Havenor against Joseph Irvine for shooting his St. Bernard dog, was dismissed in the Carson court yesterday.

A large number of visitors will be here during Fair week. The Garden City attracts them at all times, but particularly during the Fair.

There is a black and tan shepherd dog in the pound. The owner will advance and pay charges at once if he wishes to save that dog's life.

No troupe has engaged the new theater for Fair week yet. It will be a peculiarly good streak of luck to the company that secures the beautiful theater.

Whisky Bill was sentenced to 15 1/2 days in jail yesterday by Judge Young, because of his failing. He had just paid a fine to escape imprisonment for the same offense.

There will be divine service at the M. E. Church, to-day at 11 a. m. and 7:30 p. m. Rev. C. McKelvey officiating, subject of the evening sermon "The Foolishness of Unbelief." Seats free, all are invited. Sabbath school at 1:30 p. m.

The Emigrant Gap Chinatown was burned last Wednesday. A fire cracker did it. The rest of the settlement was saved by the water train from Blue Canon, which flew to the rescue, reaching there nineteen minutes after ordered to go.

Another Story.

The testimony at the Coroner's inquest in the case of George Schwartz, who was shot by Dudley Haskell, in San Francisco, a week ago, indicates that young Haskell was acting in self-defense when he fired the fatal shot. J. S. McClintock, one of the witnesses before the Coroner's Jury, testified that he heard three shots fired and saw something bright and shining in Schwartz's hand. He also swore that Edward Ewald, who was in the store at the time of the shooting, drew a revolver and cocked it, and that he, the witness, disarmed him. There is not now much doubt of young Haskell's acquittal on the ground that the homicide was justifiable. Schwartz, as at first reported, drew a pistol and fired at Haskell, who returned the fire with fatal effect.

Equalization.

The Board of Equalization meet to-morrow morning in the Court House and will continue to meet from time to time until they complete their business. Take due notice and govern yourself accordingly.

Sankey asks in his latest hymn. "How can I keep from singing?" Keep your mouth shut; if you can't do that, try the gag. There are ways enough, but we suspect you don't want to keep from singing any more than the average mortal wants to keep from looking at the victim of some terrible accident when he says: "Isn't it awful? I hate to look at him;" and then takes another look.

effects of youthful follies or indiscretion

greatest boon ever laid at the altar of suffering
humanity. DR. SPINNEY will guarantee or re-
fund \$500 for every case of seminal weakness or
private disease of any kind or character which
he undertakes and fails to cure.

MIDDLE-AGED MEN.
There are many at the age of thirty to sixty
who are troubled with too frequent evacuation
of the bladder, often accompanied by a slight
smarting or burning sensation, and a weakening
of the system, in a manner that cannot be ac-
counted for. Unrinsing the urinary deposits
a rosy sediment will often be found and some-
times small particles of albumen will appear, or
the color will be of a thin milkish hue, again
signifying that a morbid condition exists.
There are many men who die of this difficulty
ignorant of the cause. It is the second stage
of seminal weakness. Dr. S. will guarantee a
perfect cure in all such cases, and a healthy
restoration of the genital urinary organs.
